WORLD NEWS IN REVIEW

EQUAL RIGHTS

Just as it is questionable that the World War made the world safe for democracy, it is open to debate that the negroes gained equal rights following the Civil War.

One day some three years ago, 24-year-old Lloyd L. Gaines, Negro, bearing a diploma from Missouri's Lincoln University (for Negroes), presented himself at University of Missouri, surprised its officials by proposing to enter their Law School. In its 96 years, the university had never admitted a Negro. Like all Southern States, Missouri makes Negroes and whites attend separate schools.

More forehanded, however, than most Southern States, which make no provision for Negroes' professional education, Missouri had provided scholarships in northern law schools for Negroes. Missouri officials offered Gaines such a scholarship. Gaines refused it, insisted on his right to be taught law in Missouri, like white folks. Last week, in a historic decision, the U. S. Supreme Court held that Lloyd Gaines was within his rights.

Although traditional southern statesmen raved and fumed at the decision, Walter White, secretary of the National Association for the Advancement of Colored People, which financed the Gaines test case, declared the decision was more sweeping than he had hoped. To Negroes it means far more than a chance to go to professional school. The South today spends only one-fourth as much for each Negro child's educatoin as for each white child's, and in Walter White's view the court's ruling that Negroes must have equal educational opportunities means that the South must establish parity in expenditures from top to bottom of its school system. White observed: "We still have a struggle ahead to get the States to obey the court's mandate."

SPAIN

War goes on in Spain. Reports give first the Rebels and then the Loyalists as winning. As yet however, neither side has brought a decisive end to hostilities . . . and so long as Italian and German interference continues there seems to be little likelihood that Spain will put her house in order.

DEATH CLAIMS LEGION LEADER CLEO W. MILLER

Local Post Holds Memorial Rites Monday

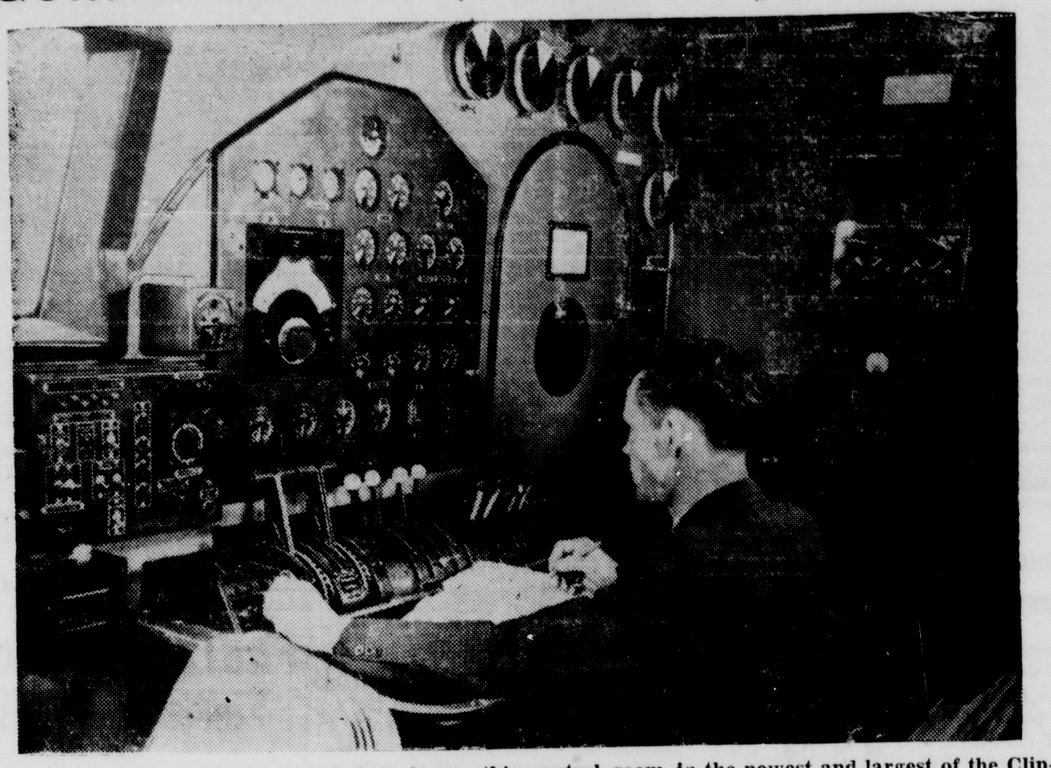
Cleo W. Miller, prominent Daly City civic leader and commander of the twenty-sixth district, American Legion, died early Saturday morning at Letterman hospital, San Francisco Presidio, where he had been ill for several weeks with a heart ailment.

For many years Mr. Miller, 43, who served in the World War, has been active in county Legion affairs. He was a charter member of the Daly City Legion Post No. 410, and was membership chairman for the district last year, carrying his committee "over the top" with a record mark for new members. In 1936 Mr. Miller served as commander of the local post. He was also active in the 40 et 8 Societe.

Post memorial services were held Monday evening, followed by interment in Presidio National Cemetery, Tuesday. Mr. Miller is survived by his widow, Mrs. Margaret Miller and two children, Marion and Warren Miller.

Until very recently Mr. Miller made his home in Daly City where he was a well known civic leader. A short time ago he changed his residence to San Francisco but maintained an active interest in local community affairs. He was the originator of the annual Hallowe'en festival here and this year took an active part in the planning of the event.

Control Board of Giant Clipper Ship



With all the comforts of a modern home, this control room in the newest and largest of the Clipper ships shows the ease with which an engineer can operate his huge craft. All important controls are on the board and various instruments govern the four 1,500 horse-power motors. The huge seaplane was built for transpacific flight by the Boeing Aircraft company of Seattle. At the controls is Flight Engineer J. E. Prunty of Pan-American Airways.

Within the next few days the first of the big Boeing Clippers will zoom down from Seattle on a test flight. Work is now being rushed on Treasure Island to take care of the big ship.

COUNCIL PASSES 3 RESOLUTIONS OF ABATEMENT

Fire Department Ordinance Is Introduced

Three resolutions of abatement were passed Tuesday evening by Daly City Board of Councilmen affecting buildings located at 639 San Diego avenue, 263 Miriam street, and 115 Hillcrest drive. The abandoned and dilapidated structures were declared a nuisance and the council instructed owners to repair or raze them.

An ordinance regarding certain phases of reorganization in the Daly City Fire department and setting up scales of compensation for firemen was introduced. The proposed ordinance further requires that persons filing applications to become firemen after February 15, 1939, must be between the ages of 21 and 35 years.

Councilmen voted an appropriation of $20 per month to the Daly City band to purchase new music and pay maintenance costs of the organization.

By motion the city clerk was instructed to communicate with the county health department regarding an alleged unsanitary condition in reference to the disposal of sewage along Junipero Serra boulevard north of School street.

Building inspector Bodien was instructed to contact an architect and enter preliminary negotiations to plan the construction of a new city pound.

New Headquarters For Recreation Dept.

Daly City Recreation department will initiate the New Year by moving to their new headquarters, 101 Park avenue, Tuesday, January 3. The department was formerly located next to the old city hall. The old building, after having been moved to the new location, has been enlarged and completely renovated. Recreation leaders say this new location will be ideal in every respect for it will be centrally located and closely adjacent to Vista Grande park which is nearing completion and is to be one of the best playground centers on the Peninsula.

The front part of the building will be for office purposes and the rear, a room approximately 15 by 17 feet, will be devoted to handcrafts and other recreational activities. It is believed that within the next year an additional room will be constructed on the rear of the edifice to be used for indoor recreation and meetings.

TAX COLLECTOR MAKES REPORT

Tax Collector Ambrose McSweeney last week turned the 1938-39 tax rolls back to the controller's office, where penalties are to be added to all unpaid first installment charges, and announced that while his office had collected more money than a year ago at this time, the percentage of the total charge was smaller.

McSweeney said the first installment collection totaled $1,870,229.52 compared to $1,728,756.03 last year. The total charge, however, was increased to $3,184,866.79, and the first installment collection was 55 per cent compared to 60 per cent a year ago, the tax collector said.

There are no windows in the Bank of America building at the 1939 California World's Fair, a streamlined structure which is the latest in bank design.

Cite Decrease In County Relief Rolls

Total number of persons on state and county relief in San Mateo county during October was 1928. This was a decrease of 24 from the 1952 relief recipients in January, 1938, according to a comparison of the numbers of persons receiving relief in California counties, recently made public by California Taxpayers' association.

In the county in October there was a total of 1133 persons receiving aid to aged, blind, or orphans, an increase over the 1002 persons receiving these aids in January. The number of indigents on the county relief rolls was 795 in October and 950 in January, the association stated.

Only twenty California counties show decreases in the numbers of persons receiving relief when January and October are compared, the association stated. These counties include Alameda, Colusa, Contra Costa, Glenn, Lassen, Merced, Modoc, Mono, Monterey, Plumas, Riverside, Sacramento, San Benito, San Bernardino, San Diego, San Mateo, Stanislaus, Tulare, Ventura, and Yuba. Increases were found in each of the other thirty-eight counties.

For the state as a whole, the number of persons receiving relief went from 223,674 in January to 239,937 in October.

John J. McGrath Receives New Post

Secretary of Labor Perkins, Tuesday of this week, officially announced appointment of John J. McGrath of San Mateo as District Commissioner of Immigration at San Francisco.

McGrath, who is finishing his third term as congressman, succeeds the late Edward W. Cahill and will take office January 3. In his new capacity he will have offices at Angel Island and at the custom's house in San Francisco, with approximately 200 men under his supervision.

Republican Leader New Commissioner

Bradford M. Melvin, San Mateo and San Francisco attorney and trustee of the San Mateo Times, was appointed this week by Governor Merriam, whose campaign he managed in the November election, as a member of the San Francisco Pilot commission for a term ending December 27, 1942. The post is an honorary one, paying no salary.

Melvin formerly served on the board of San Francisco-San Mateo Agricultural district. He at present is state chairman of the Republican party.

The nomination is subject to confirmation by the state senate, but capitol circles report that at least two-thirds of the members will act favorably upon the appointment.

NEW POLITICAL LINEUP FOR '39 PARTIALLY TOLD

Shakeup Seen In Several San Mateo County Departments

San Mateo County's new political lineup, which will take definite shape probably next Tuesday when newly-elected officials assume office, gained some semblance of the appearance it will present in 1939 when several announcements of appointments were made this week.

Melville A. Grant, engineer-elect, announced:

1. That the position of foreman of the county garage in Redwood City, held until a few weeks ago by the late Charles Ben Morton, will go to George Miller of Redwood City, a veteran in the department.

2. Two foremen of maintenance crews—Jack Fahey of Daly City and J. F. Steele of Pescadero—may be replaced and two others—John Bettencourt of Half Moon Bay and George Stineberg of La Honda—will be retained. Grant said he was not at liberty at present to disclose his appointees for the Daly City and Pescadero foremanships "because the men are now employed."

3. The position of chief deputy engineer will not be filled "for the time being," but the position of road superintendent will go as previously announced during his campaign to Ernest Hoffman, Grant's assistant during the James S. James administration of 1930-34.

NO SPECIAL MEET

Board Chairman Hugh H. Smith announced:

1. That due to the fact the supervisorial board will be reinstituted next Tuesday, when Supervisor-elect John A. (Jack) Lynch of Burlingame succeeds Supervisor James, there would be no special meeting this week to consider the proposed acquisition of the Butano forest land.

2. That, if it is again offered to him, he would continue the chairmanship which he has held for the past two years, since his election as the Daly City area's representative.

KANE PLANS CHANGES

Tom Kane, controller-elect, is known to be lining up a staff for his office and to be planning drastic changes in the procedure in order to modernize the bureau, but he said that he would prefer to make no announcement until he actually takes office next week.

OPEN NEW GRILL

Central Grill, a new restaurant opposite the Daly City Theater, was opened this week. American and International cooking will be featured at the new establishment. Special attention will be given quick lunches and dinner service.

Nick Paradise and John Zaris, genial managers, announce they will serve the finest of foods prepared by master chefs.

Back Establishment Of Bayshore Hospital Service

Acting Chairman John L. Hardiman of the San Mateo County Safety commission this week indorsed the move to establish a hospital and branch office of the California Highway patrol at San Francisco airport, with trained ambulance service to care for traffic accident victims on the Bayshore highway.

The plan to inaugurate a hospital and branch office was suggested by Colonel Robert A. Roos in letters to Mayor Rossi, Chief E. Raymond Cato of the California Highway patrol and the mayors of peninsula cities. The establishment of the 20-hour service is proposed to relieve San Mateo county's private hospitals.

WIRES ROOS

In announcing his support of the proposal, Mr. Hardiman telegraphed Colonel Roos:

"As chairman of traffic safety, Twenty-sixth District American Legion and acting chairman of San Mateo Traffic Safety Commission, I heartily commend your recommendation regarding emergency hospital at San Francisco Airport.

"You may definitely depend on the co-operation of our organization. The Traffic Safety Commission of San Mateo County will make this a special order of business at its next regular meeting January 9. Your interest in traffic safety in our county is highly appreciated."

Mayor Rossi has announced his willingness to deed property at San Francisco Airport to San Mateo County for use as a hospital site, if San Mateo is willing to build and staff a hospital.

Other civic leaders, doctors and citizens in San Mateo County have announced support of the proposal.

HOSPITAL EQUIPMENT

Installed this week at Junipero Serra hospital was the most modern shock proof fluoroscope equipment. By using this efficient complete X-ray machine, physicians may thoroughly inspect detailed bone structures of the entire anatomy. It is invaluable in setting broken bones.

By requiring a patient to take bismuth, doctors are also enabled to inspect the alimentary canal.

Christmas Display In Local Garden

Again this year Nicholas L. Nick, 31 Hillcrest drive, has attractively decorated his yard for the holiday season. A 10-foot star lighted with red bulbs, large statute of old St. Nick, sparkling water fountain, numerous lighted trees and colorfully illuminated velvet-smooth turf are main features of the Christmas display.

Nick planned and developed the garden as his private hobby. Many compliments have been paid to its beauty.

LOCAL CHAMBER TO INSTALL NEW DIRECTORS JAN 4

Banquet Will Precede Business Meet At Villa

Daly City Chamber of Commerce members will hold a banquet and installation next Wednesday evening, January 4, at Villa Mateo.

The four-month old service organization, which replaced the old Daly City Merchants association, will have as board of directors for 1939: A. J. Gaggero, A. Conci, John Sireix, E. Keithley, Fred Knoll, B. L. Meritt, Paul G. Selmi, R. L. Crane jr. and Al Bulf.

The banquet is set for 8 p. m. with installation and business meeting to follow at 9 p. m. Those who do not wish the dinner are urged to attend the regular meeting at 9 p. m. without charge.

ACTIVITIES

Activities of the chamber of commerce during the past several months included: co-sponsorship of a community Hallowe'en carnival, arrangement of dedicatory exercises for the new post office and co-sponsorship of a gala free Christmas theatre party for all local children.

In a commercial way, the chamber has been promoting a "buy at home" program to stimulate trade at local stores and calls for local professional service of various types. The program has been carried on through three media—full-page advertising in the Daly City Record, theatre slides and water bill stickers.

At the meeting next Wednesday members and directors will formulate objectives for 1939.

SOCIAL SECURITY BOARD PAYS CLAIMS

Local office of the Social Security board, located at 785 Market street, San Francisco, which serves this community, is now paying claims to wage earners covered by the Social Security act who have reached the age of 65 since January 1, 1937, and to the estates of those wage earners covered by the act who have died since January 1, 1937.

Any person who has a claim in either one of the above classifications should immediately get in touch with the Social Security board office at 785 Market street, where aid in the preparation of the claim will be given.

Understanding and mutual helpfulness among all nations is the only thing that will ever promote world peace. Christian Science Lesson Sermon

CHRISTIAN SCIENCE CHURCHES

"Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts; I am the first, and I am the last; and beside me there is no God." These words from Isaiah comprise the Golden Text to be used Sunday, January 1, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "God." Included among the Scriptural selections will be: "Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me, Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure:" (Isa. 46: 9, 10).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "God is Mind, and God is infinite; hence all is Mind. On this statement rests the Science of being, and the Principle of this Science is divine, demonstrating harmony and immortality" (p. 492).

Kathryn Luthinger was a dinner guest of Jim Callan and family on Christmas day.

SHORT TALKS By Lloyd E. Ellis

HAPPINESS

"If ye know these things, happy are ye if ye do them." (John 13:17)

Happiness, like a "will-o'-the-wisp," is something that all seek after and few find. Human beings run to and fro upon the earth and wish for happiness, but it seems to be ever just out of reach.

Men seek this elusive thing in a multitude of ways—one will say, "Lo, here is the way to be happy," and another will declare "Lo, there is the way." None agree on what it is that can bring about the state of peace and enjoyment desired.

The fact is that happiness cannot be secured in the pursuit of earthly pleasures and physical gratification. Happiness lies within one's being and comes as a result of a knowledge of having lived, and of living, in accord with the righteous laws of God.

The way for one to be assured then of that state of mind that will bring contentment and happiness, is to learn God's laws—to "know these things" and then to live in conformity to the precepts contained therein. The mere knowledge of God's plan for living a happy life is not sufficient—one must live it.

The Housewives' Corner

STUFFED BAKED HADDOCK

One 4 lb. haddock
Fish stuffing
1 cup milk
2-3 cup buttered bread crumbs

Clean and bone the haddock, brush with lemon juice, sprinkle with salt and pepper. Put one-half of fish in a buttered pan. Cover with a fish stuffing, then cover with other half of fish. Pour milk over fish and bake 25 minutes in moderate oven. Sprinkle with crumbs and bake until crumbs brown. Serve on a hot platter garnished with parsley or cress.

Parsley Stuffing

1 cup cracker crumbs
1 teaspoon chopped onion
1 tablespoon minced parsley
1 teaspoon capers
3 tablespoons melted butter
Salt and pepper

BAKED SHRIMPS

2 cups shrimps
2 hard boiled eggs
1 cup coarse bread crumbs
3 tablespoons butter
1½ cups canned tomatoes
Salt, black pepper

Brown crumbs in butter. Arrange alternate layers of crumbs, shrimp, sliced egg, tomato pulp and seasoning in baking dish with crumbs on top. Pour in tomato juice. Bake in hot oven for 20 minutes.

Seafoods

There's nothing quite so savory
And tender as a fish;
In all the world of food
There's not a better dish.

Fish are so full of minerals,
And vitamins and lime,
That any doctor anywhere
Says "Eat 'em all the time."

Menu monotony is unnecessary. For instance, why not revitalize the weekly menu with a few choice seafoods. A shrimp cocktail or a surprise serving of baked salmon will do wonders to pep up even the most apathetic appetite.

Generally speaking seafoods are kind to the digestion, pleasing to the palate, a solution to the menu problem and easy on the family purse.

A few recipes for preparing fish and shell fish are given in the adjoining columns.

SALMON CUTLETS

Mix equal parts of cold flaked salmon and hot mashed potatoes. Season with salt and pepper. Shape in form of cutlets, dip in crumbs, egg and crumbs again. Fry in deep fat and drain, garnish with parsley.

BAKED OYSTERS

One quart oysters chopped with meat chopper. Put this in double boiler with the liquor and one pint of bread crumbs, butter size of an egg, two eggs beaten together, juice of one lemon. Season with salt, cayenne and nutmeg, cover with bread crumbs and bake until brown.

CRAB SPANISH

2 cups boiled crab meat
2 cups shredded cooked string beans
2 tablespoons shredded pimentos

Make a rich cream sauce and add crab meat, beans and pimentos; salt and red pepper to taste. When hot add yolks of two eggs and one cup sherry. Pour over toast; grate cheese over top and leave in oven long enough to melt cheese.

Many recipes specify a "moderately hot" waffle iron. How hot is that? Here's a pointer from the Home Service Center of the Woman's Home Companion: "A waffle baker is moderately hot when a few drops of water placed on the grids immediately form into white balls and play tag around the knobs of the grids."

PTA CONGRESS PLANS NEW PROJECT

At the business session, conducted by Mrs. B. D. Ralston, the following members were appointed to serve on the press luncheon committee: Mesdames Robert McLean, Edward Simpkins, William G. Fuhr, John Coad, W. R. Newbold, A. F. Hollingsworth, Antoinette Kozlowski, Maude Calder and Miss Victoria Roussell.

Educator Urges Training For Democracy

In training children for citizenship in a modern democracy, one of the most important things to recognize is that no democracy can stand still. Training, therefore, should mean giving children technique of adaptation, and a readiness to use these techniques in meeting the demands of a changing order.

This statement is made by Dr. Harold E. Jones, director of the Institute of Child Welfare of the University of California, in the December issue of the National Parent-Teacher.

Dr. Jones lists as "democratically favorable traits": cooperativeness, respect for the personality of others, willingness to negotiate issues, willingness to share privileges, and the desire to substitute reason and experimentation for emotion and force.

Finally, he points out that relationships between children and their parents and teachers may have much to do with citizenship in later life. Says Dr. Jones, "Autocratic methods, in the home or in the school, may lead either to submissive acceptance or aggressive rebellion. If we believe in democracy, we should be ready to practice it early. This implies the patient, experimental development of procedures by which we can apply democracy to personal relationships. The relationships between children and their parents and teachers may, to a degree, serve as prototypes for the relationships between citizens and their government."

Mr. and Mrs. Ed Domenici, daughter Grace Marie and son George Anthony of Peoria street were among the dinner guests Christmas day at the home of Mr. Domenici's parents on Sadowa street in San Francisco.

CONFUSE PACIFIC WITH SALT LAKE

As late at 1825 Americans had only the vaguest idea of where California was. According to one report, the California coast ran through what is now the State of Utah. This odd bit of geographical history was encountered by the Federal Writers' Project of the Works Progress administration while compiling "California: A Guide to the Golden State," which will soon be published.

James Bridger was one of America's most famous "mountain men," fur-trappers and explorers. In the winter of 1824-25, encamped on the banks of Bear river, Bridger became curious as to where it came out, and explored it down to its mouth. He found that the river emptied into salt water. For a time he and his companions believed that he had reached an inlet of the Pacific ocean.

Actually, Bridger had discovered the Great Salt lake, not the coast of California.

WPA Theatre To Participate At Exposition

Added momentum to the consumation of the elaborate program of Federal theatre participation in the Golden Gate International exposition was given last week by the arrival in San Francisco of two important executives who will direct the government theatre's activities at the fair. They are Robert C. Schnitzer of Washington, D. C., who will act as director of Federal theatre participation with offices on Treasure Island, and Dan Totheroh, nationally known author and playwright, who will be chief of the staff of writers engaged in the work of preparing and revising manuscripts of plays to be presented, and writing original historical and Living Newspaper presentations.

READY FOR OPENING

Following a conference between George Creel, United States commissioner to the Exposition, Ole Ness, regional director of the West of Federal theatre, and Mr. Schnitzer, in which details of the program for the government theatre in the exposition were thoroughly gone over, Mr. Creel announced that all construction on the three Federal theatre units would be finished in time for the opening day. Mr. Ness and Mr. Schnitzer announced that a complete program of living and documentary exhibits would be in place and functioning and that everything was being done to center the attention of exposition visitors on Federal theatre exhibits and make it one of the high spots of interest on the Island.

Mr. Schnitzer comes to San Francisco with a brilliant record of more than eleven years of achievement in the theatre. For the past eighteen months he has been an assistant to Hallie Flanagan, national director of Federal Theatre in Washington, D. C. His duties will consist mainly of the supervision of the business and operation details as well as the direction of the program in the three theatre exhibits units, the Main auditorium, the Children's theatre and the Sylvan (outdoor) theatre.

Mr. Totheroh is well known in San Francisco, his birthplace and home town, though for nearly fifteen years he has been an infrequent visitor here. During that period Mr. Totheroh has been busily engaged as a writer in Hollywood for the screen with an annual trip to New York which was given over to attending to his writing and theatre interests.

Mr. and Mrs. Walter White, Theta avenue, entertained at dinner Christmas day, having as guests Mr. and Mrs. Carl Nelson and children, Barbara, Joan and Carl jr., Atherton, Oscar White and Bob Barr. In the evening Mr. and Mrs. White held open house and many friends and relatives called.

"LITTLE WOMEN" PROVES SUCCESS

Seldom, if ever, has the spirit of Christmas prevailed in the theatre such as it has during the past week at the Alcazar where Louisa M. Alcott's "Little Women" has been the Federal theatre holidays offering. The Christmas holidays are notoriously bad for the box office from one side of the land to the other but the government players with the nostalgic American classic have been playing nightly to capacity audiences.

Result of the unexpected success during the usually dull season has prompted Charles P. Teevin, district supervisor, to announce that "Little Women" will be held over at the Alcazar for another week, ending its engagement January 7 instead of tomorrow.

Special matinees for children are scheduled for every Saturday during the engagement.

Push Work On Jaysee Science Bldg.

Although handicapped somewhat by recent rains, workmen are completing the color-plastering of the outside of the new science building of the San Mateo Junior college. Meanwhile the plastering of the inside partition walls is nearing completion and the windows are being put in for the whole building.

Enjoying a vacation this week, the students will return to classes next Tuesday, January 3, and start on the final few weeks of the fall semester. The closing days will be taken up by final examinations, while the last event of the term will be the sophomore formal, held at one of the San Francisco hotels.

Recent speakers at student club meetings have been George L. Burr, chief engineer of the San Francisco airport; Frederic Glover, newspaper editor; Guenther Gerbstedt, a Stanford fellowship student who recently was graduated from the University of Berlin.

With the reopening of the college, the sports calendar will feature some hard practice for the college basketball squad that must start the conference schedule in another month.

For the holidays, students scattered throughout this state and neighboring states. Many students returned to Oregon and Washington for their family reunions, while one lad went to Ohio. Nevada, Arizona, and Utah were some of the other states claiming jaysee students.

Welfare Chief Reports Wage Adjustments

Mrs. Mabel E. Kinney, chief of the Division of Industrial Welfare, reports to Governor Frank F. Merriam that through the activities of the Division of Industrial Welfare during the month of November, 1938, $7,137.16 was added to the earnings of women and minors in California. Of this amount, wage adjustments collected totaled $4,216.22, and affected 551 women and minors. In plants operating on a piece rate basis in the fruit and vegetable canning industry $2,920.94 was reported as audit adjustments, and paid and added to the earnings of 1766 workers.

During November 109 complaints were received from workers regarding non-payment of minimum wages and improper working conditions, and these were investigated and violations corrected. Complaints regarding hours of labor over the legal maximum were referred to the Bureau of Labor, as they are the enforcing body of the eight-hour law for women and minors.

Quins Sing, Dance, Make Music and Fun In "Five Of A Kind" At Daly City

Ritz Brothers Star In Second Big Feature

The Dionne Quintuplets have graduated! Having served their screen apprenticeship, they are now revealed as full-fledged entertainers—singing, dancing, making music and fun—in their third and what is heralded their best feature picture, "Five Of A Kind."

A 20th Century-Fox production, opening Sunday, January 1, at the Daly City theatre, "Five Of A Kind" provides a striking setting for the delightful little ladies, as it whirls in and out of Broadway, highlighting the exciting action and romantic excitement of two rival newspaper and radio reporters.

It has been two years since Yvonne, Annette, Cecile, Marie and Emelie emoted before the camera in a 20th Century-Fox feature, and in those two years they have "grown up."

In addition to the amazing performance of the Quins, the story of "Five Of A Kind," which revolves around the attempt of the two star reporters to bring the Quins to New York for a personal appearance in a Broadway auditorium, is replete with thrills.

In addition to Claire Trevor and Cesar Romero as the romantic leads, Jean Hersholt plays the beloved doctor of the Quins. Slim Summerville, Henry Wilcoxon, Inez Courtney, John Qualen, Jane Darwell and Pauline Moore are also featured.

Second feature hit at the Daly City theatre, starting Sunday, January 1, will be "Straight, Place and Show," starring the Ritz Brothers and Phyllis Brooks.

The DIONNE QUINTUPLETS get New York in an uproar and the nation's networks in a turmoil in the new 20th Century-Fox picture, "Five Of A Kind."

Capitol Plans New Year's Eve Party

The Capitol Follies' New Year's eve show tomorrow, Saturday, night is planned to be the most elaborate and most spectacular event in the eight year's history of the present management. An enlarged cast with the prettiest Hollywood chorines, stunts and surprises, comics and comediennes, living picture numbers and tantalizing tease dance creations will form the evening's hilarity. An extra midnight show will be added and will last until the New Year is well on its way.

Closing at the Capitol Follies is "Illegal Doctor," sensational film which has attracted capacity crowds to the Capitol Follies this week. The picture exposes a doctor who performs illegal operations.

Three complete performances are given daily at the Capitol Follies, in addition to the extra Saturday midnight show to welcome the New Year.

Visitors to Treasure Island may watch the painting of a huge mural, 360 feet in length and 60 feet in height, on walls of the Federal Building at the 1939 Golden Gate International exposition.

A relief map of the entire West, constructed in 2,000 sections, will be 100 by 110 feet when assembled in the Hall of Western States at the 1939 California World's Fair.

DRESS SHOP MOVES

Daly City Dress shop has recently moved the location of its store from 39 Wellington avenue to 6277 Mission street.

The new address is not only more convenient for customers, but it is also larger in size. Rhea MacCormac, proprietor, carries a full line of ladies wearing apparel. She also specializes in personal shopping for the busy housewife and office worker.

"Tell Them Thanks" She Said

A more sincere "Thank You" was probably never spoken than one said by Mrs. Mikey Schumacher last week when she called at The Record office and asked that the paper please thank Daly City firemen, particularly Captain Petersen, for saving the life of her husband.

Albert Schumacher, 28 Hillcrest drive, was severely burned recently when gasoline with which he was cleaning a floor exploded. Immediate application of tannic acid by firemen and emergency first aid along with proper hospitalization are credited with saving Schumacher's life.

NEWSPAPER PARTY TO STAR SALLY RAND
